

Good Enough

[Intro]

Em C Am D x2

[Verse 1]

Em C D
I am the diamond you left in the dust
Em C D
I am the future you lost in the past
Em C D
Seems like I never compared
Em C D
Wouldn't notice if I disappeared

[Verse 2]

Em C D
You stole the love that I saved for myself
Em C D
And I watched you give it to somebody else
Em C D
But these scars no longer I hide
Em C D
I found the light you shut inside
Em C D
Couldn't love me if you tried

[Chorus]

Em C Am D
Am I still not good enough?
Em C Am D
Am I still not worth that much?
Em C
I'm sorry for the way my life turned out
Am D

Good Enough

Sorry for the smile I'm wearing now

Em C Am D

Guess I'm still not good enough

Em C Am D 2x

[Verse 3]

Does it burn

Thank God you left my love behind

Em C D

Couldn't change me if you tried
