

Clued Up

C **Em**
I used to dress like everybody else
G **C**
I wanted to just blend in
C **Em**
They told me no, keep my dreams on the low
D
Told me I'd never win, yeah
C
I love to be different
Em **G** **C**
Guard up to opinions then let 'em in
C **Em**
Tear me down, want to see me drown
D
Like being happy is such a sin, uh huh

[Pre-Chorus]

C **Em**
And now I'm older, it's never over
G **C**
It don't stop affecting me, the world keeps testing me
C **Em**
I'm getting on track with every knock back
D
On a bad day, I just gotta stay, stay, stay, stay

[Chorus]

C **Em**
I stay clued up and I'm ready
G **C**
To love the good and live the bad
(C) **Em**
Clued up and now I get it
D
Just make the best of what you have
C **Em**
'Cause sometimes it's beauty, sometimes it's pain
G **C**
Sometimes it's sunshine, and sometimes it's rain
